## DAY 5: GRADUATION

“Sharing our Wisdom” Day 5: Graduation Day

Throughout the week of Sharing Our Wisdom, we re-discovered just how smart, funny, competitive, and creative our Residents truly are. We were able to see different sides of them, encourage them to step out of their comfort zones, and learn about their individual strengths. Isn't that ultimately what school and “Sharing Our Wisdom” is all about? We ended our week with a non-traditional Graduation BBQ, equipped with “Build Your Own Burgers” and delicious Banana Splits. Furthermore, graduation cupcakes! That's a wrap NSNCW 2020!!
